

Doberman Pinscher Club of America

Presents a seminar with

Jenn Crank

Wed. Oct 14, 2009

Ft Mitchell, KY

Day of privates on Thursday, Oct. 15

Seminar will be held outdoors on grass, Drawbrige Inn

Wed. Oct 14, 2009: Handling Seminar

This handling seminar will be a presentation of ways to improve the communication with your dog on the agility course. Jennifer Crank, a follower of Linda Mecklenburg's handling, has achieved incredible success with her dogs by being consistent and predictable in how she communicates information.

The seminar is about handling, so dogs participating should not have any obstacle issues, as Jenn will only be explaining her handling system and will not go over obstacle training. Working dogs attending must be friendly with other dogs and have reliable recalls as multiple dogs will be in the ring working together.

The first hour of the day is a lecture explaining how the system works, and how to build a strong foundation. The rest is practical application using the call to heel method and how to progress once your dog has a strong foundation.

Some of Jenn's accomplishments:

World Team Member: 2004, 2006 (silver medal), and 2007 (bronze medal) With Guess (SSD). 2009 with Blaster (SSD)

15MACHs on 5 different dogs

AKC Agility Nationals Finalist (5 years)

USDAA Performance National Standard Championship Finalist (2 years)

USDAA Performance Top Ten

Jenn Crank runs Incredipaws, teaching agility classes and private lessons in Ohio.

For more information on Jenn, see her website at: www.incredipaws.com

Maximum of **10** working spots Wed. Unlimited auditors.

For more information on the seminar and private lessons, please contact Carol Moore at: agiledobe@doglover.com

After that, no cancellations, unless your spot can be filled.

Doberman Pinscher Club of America.

Covenant and Assumption of Risk

I understand that my attendance and participation at any Doberman Pinscher Club of America. ("DPCA") seminar is not without risk to myself, my dog(s) or any family member or guest who might be present at such function. Some dogs to which we might be exposed may be difficult to control or conceivably be aggressive towards other canines, and may be a cause of injury even when handled with care. I further understand that agility obstacles and courses, by their inherent nature, pose potential hazards to dogs and handlers, even when pursued with care. I have examined and am familiar with the Skyline training facility, its obstacles and surrounding area and agility course, and assume all reasonable and customary risks incidental thereto.

I hereby agree not to make any claim for injury of any nature which I or any family member may sustain by reason of the foregoing participation, and agree not to make any claim for injuries or damage to me, my family or dog, unless brought about due to gross negligence of DPCA, its agents, members, representatives or employees (if any).

In further consideration of the foregoing and as an inducement to my participation in a DPCA Agility seminar, I do hereby agree to indemnify and hold harmless and make no claim against any DPCA members, agents, representatives or employees (if any), except to the extent that any injury is brought about by the gross negligence of DPCA, or such members, agents, representatives, etc. I covenant and agree to make no claim against DPCA or any of its members or representatives unless such injuries are brought about by gross negligence, as aforesaid. This agreement, which I have read and understand is not be construed as a release, but as a covenant not to sue in the absence of gross negligence, as aforesaid.
